Postal Money Orders.
There is no business in the world that grows half so fast as the postal money order system. Last year its total business increased at the rate of \$1,000,000 a week. The money order department will handle next week \$1,000,000 more than it handled last week. It loses by fraud less than \$1,000 a year. It showed its regular annual increase in the period of financial depression from 1893 to 1897—perhaps the only large business in the country that did.

To Detect Life.
Photography is urged as a means of preventing premature burial. It recently showed, through the blurred appearance of the negative, that a girl supposedly dead was only in a trance. In cases where the least doubt exists photography is recommended. Negatives taken on succeeding days may show a slight difference in the position of head or arms, or a blur of the lips due to the very slight movement occasioned by breathing.—Pearson's Weekly.

Don't forget the old man with the fish on his back.
For nearly thirty years he has been traveling around the world, and is still traveling, bringing health and comfort wherever he goes.
To the consumptive he brings the strength and flesh he so much needs.
To all weak and sickly children he gives rich and strengthening food.
To thin and pale persons he gives new firm flesh and rich red blood.
Children who first saw the old man with the fish are now grown up and have children of their own.
He stands for Scott's Emulsion of pure cod liver oil—a delightful food and a natural tonic for children, for old folks and for all who need flesh and strength.

A Cure for Eczema.

My baby had Eczema so bad that its head was a solid mass of scabs, and its hair all came out. I tried many remedies but none seemed to do any permanent good until I used DeWitt's Witch Hazel Salve. The Eczema is cured, the scabs are gone and the little one's scalp is perfectly clean and healthy, and its hair is growing beautifully again. I cannot give too much praise to DeWitt's Witch Hazel Salve. Frank Farmer, Bluff City, Ky. In buying Witch Hazel Salve look out for counterfeits. DeWitt's is the original and the only one containing pure Witch Hazel. The name E. C. DeWitt & Co. is on every box. Sold by Bowers & Comstock.

MOOSE WORE HIS NAME.

Unusual Adventure of a Locomotive Engineer in New Brunswick, Canada.

James King, a locomotive engineer on the Canadian Intercolonial railway, has a fine big moose with antlers 84 inches across and married with his name fattening for him down in New Brunswick. He got him near Richibucto and arrested him in the first instance for stealing the company's property.

King was running slowly toward Kent's Junction when he saw the moose in the bushes alongside the track, with a railroad crossing gate attached to his horns. As he passed King noticed that the creature was inextricably caught in the branches by the wire gate, and at once stopped his train.

Together with James Card, the conductor, and two brakemen, he stretched his tape measure over the magnificent horns, and then deliberately scratched his name upon them.

The big fellow was quite tame in his hands, and stood fairly well until the gate was lifted from his head, when he was allowed to escape.

But King considers that moose his meat, and is only waiting for a favorable moment to beg for a few days off to go after him with a rifle.

Tendency of the Times.

The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. It has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Chamberlain's Cough Remedy. Pneumonia always results from a cold, or from an attack of influenza (grip), and it has been observed that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the great prevalence of colds and grip in recent years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by Bowers & Comstock.

SAY "PLEASE," THEN "DEAR."

Chicago Woman Declares Courtesy Is Greater Than Love in Marital Difficulties.

That "please" is a word of more magic than "dear," and that a courteous word of parting has more weight than a perfunctory kiss, was the doctrine preached the other day to Chicago women, by Mrs. E. T. Arnold, president of the Chicago Commons Women's club, in speaking on the subject of "Responsibility of Wives."

"I am of the opinion," said Mrs. Arnold, "that most marital difficulties arise from the fact that many wives treat their husbands worse and are more persistently rude and insulting to them than to any one else. And I am convinced that all that is absolutely necessary for a husband and wife to live together happily is self-control and good manners."

"There need not be a particle of love. Some of the most unhappy couples are those who love each other dearly, yet have so little self-control that they are continuously in a turmoil. Many couples, with almost no mutual affection, live contentedly, because they do not consider that marriage does away with the common courtesies due each other."

INFORMATION BUREAU.

For the Benefit of World's Fair Visitors.

The great Louisiana Purchase Exposition, or World's Fair, will open its gates in St. Louis on April 30th, and continue for a period of several months, closing on December 1st, 1904. This World's Fair will be one of the crowning events of this generation. The magnitude of it surpasses anything of like character ever before attempted.

The space required for this Exposition comprises 1,240 acres, and is about two miles long and one wide. The greatest amount of space necessary for any previous World's Fair was 633 acres used by the Columbian Exposition of Chicago.

The cost of the St. Louis World's Fair, it is estimated, will aggregate \$40,000,000. The greatest cost of any prior Exposition was \$18,300,000 for the Columbian Exposition at Chicago.

A statement made in report of the Director of Works of the St. Louis World's Fair shows that on September 30th last, the Exposition Exhibit Buildings taken as a whole, were 89 per cent completed, while the Exposition Exhibit Buildings of the Columbian Exposition at Chicago at corresponding period prior to the opening of that Exposition was but 41 per cent completed.

Many of the State and Foreign Buildings are now nearly completed, while the others are in various stages of construction.

Numerous temporary hotels are being constructed in close proximity to the World's Fair Grounds, and a number of permanent modern hotels are being erected in the heart of the city.

The World's Fair officials at this time have listed rooming accommodations in hotels and rooming houses, sufficient to take care of 150,000 people, and it is expected that some twenty-five or thirty more will be secured.

One hundred and sixty-nine National and International Conventions have been secured for St. Louis during the year 1904, and it is expected that some twenty-five or thirty more will be secured.

It is estimated that at least 15,000,000 persons will be admitted to the World's Fair at St. Louis.

A St. Louis World's Fair Free Information Bureau has been established, and is in charge of the undersigned, who will gladly furnish any information desired in regard to it.

MRS. CECILIA STOWE.

Orator, Entre Nous Club.

176 Warren Avenue, CHICAGO, ILL., Oct. 22, 1902.

For nearly four years I suffered from ovarian troubles. The doctor insisted on an operation as the only way to get well. I, however, strongly objected to an operation. My husband felt disheartened as well as I, for home with a sick woman is a disconsolate place at best. A friendly druggist advised him to get a bottle of Wine of Cardui for me to try, and he did so. I began to improve in a few days and my recovery was very rapid. Within eighteen weeks I was another being.
